

October 16, 2019

Dear Principal,

Information on HKU Undergraduate Admissions for 2020 Intake

The HKU Information Day for Undergraduate Admissions 2019, originally scheduled for November 2, 2019, has been rescheduled. Details of the new arrangement are being worked out, and will be announced later.

In the meantime, I write to invite you and your school community to learn more about our programmes and undergraduate admissions at www.infoday.hku.hk from October 28, 2019 onwards. The website will provide interactive sessions for prospective students, parents and teachers to enable them to engage with our programmes coordinators and colleagues of our admissions team.

HKU is launching various new Dual Degree programmes that enable students to obtain a HKU degree, together with a degree from a world leading university for a four to five years' study. HKU currently collaborates with University of California Berkeley, University College London, Sciences Po, University of Cambridge, Peking University to offer Dual Degrees programmes in Arts, Business, Computer Science, Engineering, Law and Social Sciences.

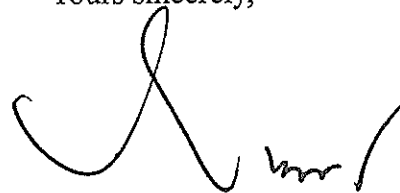

In addition, this year we have the first cohort of students enrolled in Bachelor of Arts and Sciences programmes in the areas of FinTech, Artificial Intelligence, Design Thinking, Global Health and Development. Your school and students may wish to find out more about these programmes and the Dual Degree programmes from our website.

Starting from November 1, 2019, a designated hotline (Tel: 5267 1930) will also be available for teachers of your school to inquire admissions related information.

Our School Liaison Office will arrange to send the latest admissions brochures to your school for S6 students. School talks or visits could be arranged upon request. I would be grateful if you could complete the online form (<https://esurvey.hku.hk/s3/HKU-Admissions>) by October 25, 2019 for us to make the necessary arrangements.

With best regards,

Yours sincerely,

H.W.K. Wai
Registrar
