

ENGLISH SOCIETY

Lui Ming Choi Lutheran College

Introduction:

LLC students join English Society to participate in different English learning activities.

Committee members take up responsibility as English Ambassadors to help organize activities of the English Society.

As members of English Society, they work hard in organizing lots of fun and challenging activities for LLC students. Participating in English Society is also a golden opportunity for members to enhance their confidence and leadership ability.

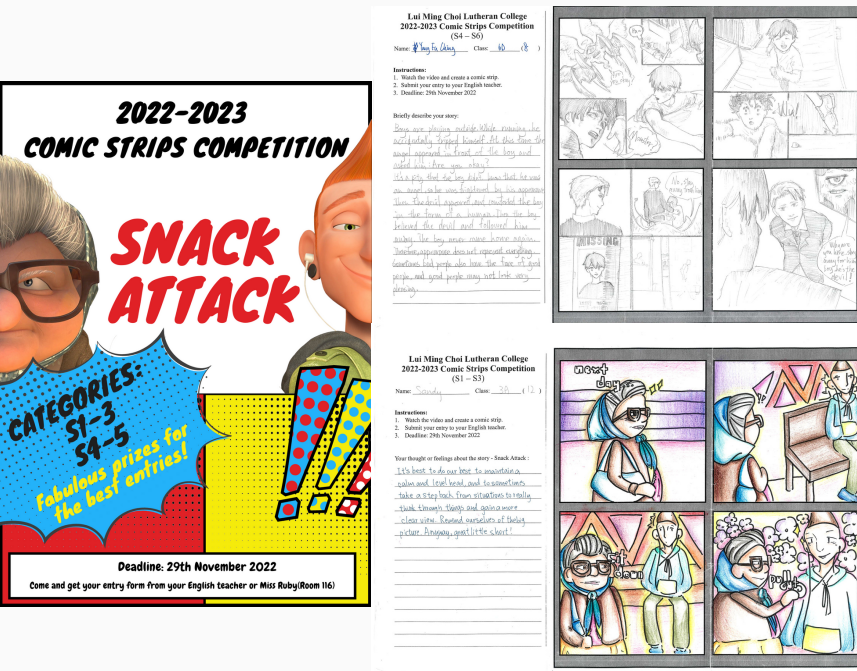

On English Tuesday, all the announcements and morning assembly and all the conducted in English. Students are given the valuable opportunity to deliver speeches in English, boosting their confidence in speaking English to an audience and polishing their public speaking skills.

On Monday, Tuesday, Thursday and Friday, alumni tutors are invited to give students extra English tutorial classes after school. Students are free to raise questions about their English schoolwork and additional English exercises are provided to enhance their English competence.

For English Song Dedication, announcers read messages from students. Taking part in the Song Dedication, students not only practise their English oral skills, but also enhance their friendship with peers. This activity encourages students to communicate in English in a meaningful and fun way.

As part of values education, a comic strip competition was held in November, 2022. After watching a video about empathy, students were asked to create a comic strip to present the message - don't judge a book by its cover. Students could showcase their creativity, artistic talent and language competence in their drawings, story plot and narration.

In order to enhance teacher-student relationship and create a harmonious ambience in campus, videos about teachers have been made to introduce the teacher's work, interest, memorable moments and, of course, tips on learning English. From making the videos, our English Society members have learnt interview skills, film shooting, editing and communication skills.

A vibrant English activity- Easter Egg Hunt held after school on 13th April 2023. Hundreds of "eggs" have been placed at different corners in the school. Students had to solve the riddles on a clue card in order to hunt for the "eggs". In the end, each student had finished the task and got many candies.

International Interface

International Interface is a programme consisting of numerous learning activities jointly organized by the school and the overseas volunteers for students to experience global culture, improve their English, broaden their horizons and enhance their communication skills.

Through participating in International Interface activities, students interact with people from abroad and gain exposure to their culture. Students are enthusiastic to take part in activities with the overseas volunteers. Many students boost confidence in speaking with American friends.
