

English Society

Introduction

LLC students join English Society to participate in different English learning activities. Committee members take up responsibility as English Ambassadors to help organize activities of the English Society. As members of English Society, they work hard in organizing lots of fun and challenging activities for LLC students. Participating in English Society is also a golden opportunity for members to enhance their confidence and leadership ability.

Our Mascot

Our vibrant octopus mascot symbolizes the diverse talents within the English Society, encouraging exploration of language and culture. Members engage in activities like dramatic performances, poetry slams, and workshops that enhance language skills and foster camaraderie. With Wonderpus, learning English transforms into an exciting adventure of discovery and joy!

Our Committee Member

English Activities

Morning Speech

Students from each class have been invited to deliver a public speech on a topic of their choice. Their speech scripts have been turned into posters, which are displayed and discussed in every class as a recognition and appreciation of their effort and contribution.

Hong Kong Schools Speech Festival

Students received training to participate in the 77th Hong Kong Schools Speech Festival. This year's results were encouraging, with two students achieving notable recognition: Fan Yik Yan from Class 2A secured the 1st runner-up position, while Ha Cheuk Man from Class 3A earned the 2nd runner-up title in the competition.

Stand-up comedy Mr Vivek

Renowned comedian Vivek Mahbubani delivered an inspiring English stand-up comedy show in our school hall on 13th March. Focusing on diligence, perseverance, and a positive mindset, the performance entertained and motivated students with humor and practical strategies for personal growth.

Calligraphy

Two calligraphy workshops were conducted in October to introduce modern brush fonts. Students learned how to write beautifully and gracefully. As a follow-up, in collaboration with the Religious Studies Department, a penmanship competition was held featuring Bible verses about diligence and perseverance. To strengthen the sense of belonging and to support S6 seniors, students were invited to create English calligraphy bookmarks as uplifting gifts inscribed with "faith, hope, and love"—the three central theological virtues in Christianity.

Acrostic Poem

Students made acrostic poems to display their aesthetic aptitude and creative use of the English language. Junior students wrote about Chinese delicacies, while senior students wrote about cities in China, which has enhanced their national identity and cultural appreciation.

Speak & Treat with Ms. Cindy's Beat!

Students love joining our NET, Ms. Cindy, for lively English sessions where they learn through fun games. These engaging activities encourage speaking, boost confidence, and foster a love for English, all while enjoying delicious treats during each session.

International Interface

The Hong Kong team visited our school from 19 to 26 Oct 2025. The team consisted of 8 members, 2 of whom visited LLC for the first time. They attended a variety of classes, including Religious Studies, PE, Music, Chinese Language, and English Language. During lessons, they shared the gospel and personal stories with our students. Beyond the classroom, they engaged with students through various activities, such as sharing meals, going on day tours, and participating in fellowship.
